Notable features:

All are illustrated in situ on Sachse view, 1869. Numbers 931 and 933 are very good looking houses and are apparently well maintained. Numbers 935-947 are a matched series, very simple facades, with steps.

Environmental context:

Some formstoned, no houses vacant. A wide, busy street; no street trees; good house-to-house scale and continuity as well as across-the-street.
